Dear Valued Customers, Suppliers and Partners:

Centric Solutions, LLC was founded in 2008 by William DiBella in partnership with Optical Cable Corporation (OCC) to design, manufacture and provide high-end products to the data center marketplace for the physical layer connectivity infrastructure with uncompromised quality, full service solutions, and quick turnaround.

Today, we are announcing that William DiBella, a pioneer with years of service in the structured cabling and data center connectivity business, is leaving Centric Solutions.

Centric Solutions appreciates William's contributions over the years, and hope you will join us in wishing him the best in his future endeavors.

Going forward, we have an experienced team dedicated to continuing to deliver the exceptional service and products you have come to expect from Centric Solutions.

Both of us look forward to Centric Solutions continuing to provide your data center cable and connectivity needs.

We thank you for your continued business and support!

Sincerely,

William DiBella
